

10th Internacional Workshop

Professionals facing palliative needs and suffering

1 March 2024, from 9.30 a.m. to 5.00 p.m.

Campus Barcelona
Aula Magna
Immaculada, 22
08017 Barcelona
T. +34 932 541 800

The current edition will deal with the systematic assessment of the needs of people who require **palliative care** as well as the **support for professionals** in ethical decisions at the end of life in the face of suffering. New evidence will be provided with **discussions between experts** and the impact this has on patients, professionals and families will be visualized through a **participatory method** that includes attendees.
